

Clinell Universal Sanitising Wipes, Clinell Universal Sanitising Wipes Maceratable & Clinell Antibacterial Hand Wipes

Material Safety Data Sheet

1. Identification of the Product and of the Company

1.1 Identification of the product

Clinell Universal Sanitising Wipes, Clinell Universal Sanitising Wipes Maceratable & Clinell Antibacterial Hand Wipes

1.2 Company Identification

GAMA Healthcare Limited
Customer Services
Unit 39 Hampstead House
176 Finchley Road
London NW3 6BT
United Kingdom
Telephone: 0845 2011 644

1.3 Emergency Telephone Number

International Access Code + 44 (0)845 2011 644

2. Composition / Information on Ingredients

2.1 Chemical Name

A wet impregnated non-woven containing a mixture of Quaternary Ammonium Compounds and Polymeric Biguanide Hydrochloride.

2.2 Chemical Family

Cationic

2.3 Formula

Mixture absorbed onto non-woven

2.4 CAS Number

68424-85-1/7173-51-5/27083-27-8

3. Hazards Identification

Irritant to eyes if applied directly

3.1 Health Effects

Effect on Skin: At levels released from the wipe there is no risk from skin contact. Severely atopic individuals may become sensitised.

Effect on Eyes: Corrosive – causes irritation, tearing and redness

Effect on Ingestion: Method of presentation of the active ingredients, i.e. non-woven bond does not pose an ingestion hazard. The bulk volume of material to be ingested (> 50 wipes) to approach the Oral LD50 of the impregnated components, does not allow toxic levels to be reached.

Effects on Inhalation: N/A

3.2 Material Effects

Effect on Surfaces: Safe on a wide variety of surfaces including:

Metals including: Aluminium, steel, copper, nickel and tin

Rubber including: Latex, viscoelastic, acrylic rubber, polyurethane rubber and natural rubber

Plastics including: Polyvinyl chloride (PVC), polyurethane, polyethylene, polypropylene and polycarbonate.

Naturals including: Wood, leather, plaster, paint, glass and varnishing oils

Fabrics including: Cotton, polyester, wool and linen

Synthetics including: Nylon and silicone

4. First Aid Measures

Eye Contact: If sufficient material has entered the eyes to cause irritation. Flush thoroughly with water for at least 15 minutes. Seek medical attention.

Skin Contact: No hazard

Ingestion: Not applicable

Inhalation: Not applicable

5. Fire Fighting Measures

5.1 Special Fire or Explosion Hazards

Oxides of carbon, nitrogen and toxic decomposition products in the case of incomplete combustion

Use self contained breathing apparatus and protective clothing

5.2 Suitable Extinguishing Media

Dry chemical, water spray, foam or carbon dioxide

5.3 Other Recommendations

There are no unusual hazards. Product does not constitute any particular fire hazards.

6. Accidental Release Measures

Not applicable

7. Handling & Storage

7.1 Recommended Storage Conditions

Store clean and dry, out of direct sunlight. Avoid extremes of temperature.

7.2 Recommended Handling Precautions

Avoid wiping eyes directly with product.

8. Exposure Controls/Personal Protection

8.1 Respiratory Protection: N/A

8.2 Ventilation: N/A

8.3 Eye Protection: N/A

8.4 Skin Protection: N/A

9. Physical & Chemical Properties

Appearance: Moist non-woven wipe

Odour: Slight smell of roses

Solubility: Impregnate is water soluble

Flammability: Only flammable if exposed to strong source of ignition

10. Stability & Reactivity

10.1 Conditions to Avoid

Avoid contact with anionic materials which will impair effectiveness.

10.2 Material to Avoid

Contact with strong oxidising agents.

10.3 Hazardous Decomposition Products

Oxides of carbon, nitrogen and toxic decomposition products in the case of incomplete combustion.

11. Toxicological Information

When used, stored and handled as per instructions, the product represents no toxicological hazard.

12. Ecological Information

The cationic active ingredients are toxic to fish and aquatic life.

13. Disposal Information

The product should be disposed of by authorised landfill. Strict adherence must be made to all European, national and local laws and regulations.

14. Regulatory Information

Safe in skin contact
Avoid contact with eyes
Used as directed, wipes are non-hazardous

15. Other Information

The information herein is based on data considered to be accurate as of the date of preparation of the Material safety Data Sheet. However, no warranty or representation, expressed or implied, is made as to the accuracy or completeness of the foregoing data and safety information. The user assumes all liability for any damage or injury resulting from abnormal use, from any failure to adhere to recommended practices or from any hazards inherent in the nature of the product.

Information compiled on 12th April 2005.
